

WEEKLY PAY SYSTEM

How Your Pay Works

The more carts we build together, the more every one of us earns. Your hours determine your share. Here's exactly how it breaks down.

Pay period: Monday – Sunday

Base pay: \$550 @ 40h, prorated if under

Overtime: grows your bonus share

Weekends: count toward bonus share

THE 3 RULES

1

Base Pay — Always Guaranteed
Work 40 hours and you get your full \$550 base. Work less and it's prorated. Your base is always paid first, no matter what.

2

The Bonus Pool — Team Effort
Every cart the team builds generates money. After base pay is covered, the rest becomes the bonus pool — shared by everyone in the system.

3

Your Hours = Your Share
The bonus pool splits based on hours worked. More hours means a bigger percentage. Overtime and weekend hours count — no cap on your share.

PAY RATE TIERS — MORE CARTS = HIGHER RATE ON EVERY CART

TIER	CARTS / WEEK	CARTS / DAY	RATE PER CART	WEEKLY POOL	POOL VS PREVIOUS TIER
1	30	6/day	\$225	\$6,750	—
2	35	7/day	\$250	\$8,750	+\$2,000
3	40	8/day	\$300	\$12,000	+\$3,250
4	45	9/day	\$325	\$14,625	+\$2,625
5 ★	50	10/day	\$350	\$17,500	+\$2,875

WHAT IT TAKES TO MOVE UP — CARTS PER DAY

TIER 1 6 carts/day \$6,750 \$225/cart	TIER 2 7 carts/day \$8,750 \$250/cart	TIER 3 8 carts/day \$12,000 \$300/cart	TIER 4 9 carts/day \$14,625 \$325/cart	TIER 5 ★ 10 carts/day \$17,500 \$350/cart
--	--	---	---	--

The goal is simple: 10 carts a day unlocks the highest tier and a \$17,500 weekly pool. One extra cart per day separates every tier — that's just 5 more carts on a 5-day week standing between you and the next pay level. Hit Tier 5 early and every extra cart after that still grows the pool.

Simulated week — 14 workers, real numbers, same system you're on

WEEKLY PAY SYSTEM

14-PERSON TEAM SIMULATION — ONE WEEK

Every worker has the same opportunity — the only difference is hours. Base pay is \$550 for 40h, prorated if under. Bonus splits proportionally by hours worked among all eligible workers.

* Simulated numbers rounded to nearest dollar. All 14 workers are bonus-eligible. Weekend hours count the same as weekday hours toward bonus share.

THE NUMBERS THAT MATTER

TIER 5 — WHAT A GRINDER MAKES

\$1,723

70 hours at Tier 5 — nearly \$1,200 more than someone who checked out at 24h the same week

STANDARD 40H — TIER 5 TAKE-HOME

\$1,221

Just showing up every day and hitting your 40 hours puts over \$1,200 in your pocket when the team hits Tier 5

WEEKENDS COUNT TOO — TIER 5

+\$491

COST OF A SHORT WEEK (24H VS 40H)

-\$489

At Tier 5 (50 carts/week), a worker who puts in a full weekend (16h) on top of their 40h takes home \$491 more than someone who clocked out Friday. The pool never stops growing.

At Tier 5, working 24h instead of 40h costs you \$489 that week — lost in both reduced base pay and a smaller bonus share
